

## Productsheet: Diesel Fire Pump

**Capacity: 55 m<sup>3</sup>/h to 180 m<sup>3</sup>/h at 120 mWC**

At IRON Pump, we do not have a product-line for our Ellehammer Fire Water Pumps. Every pump is constructed specifically for the buyers needs.

The pump shown here is one of the smallest Diesel Fire Pump systems produced. The maximum capacity is 180 m<sup>3</sup>/h at 120 mWC. This system is suited for medium sized vessels, such as FSO, FPSO, LNG, FLNG, FSU and FSRU

### BENEFITS

There is not a single vessel at sea that we cannot equip with an Ellehammer Fire Water Pump.

An IRON Pump solution gives you the security that only a company with a hundred-year history can give you.

### TYPICAL APPLICATIONS

#### RECOMMENDED FOR

FSRU  
 Tankers  
 FLNG  
 VLCC  
 LNG

All our experience becomes your advantage, you can let our guidance and advice help you, when you are out to find the right solution for your vessel. Contact us for further details.
